

ROUTINE CLEAN AGREEMENT

We understand there may be times that require you to reschedule cleanings as well. In such instances, please contact [name of employee] at [phone number] as soon as possible. We recommend calling and texting to ensure your cancellation / request to reschedule is received promptly.

If your assigned employee is not available to reschedule the cleaning of your home within 48 hours of the regularly-scheduled timeframe, she will contact Empty Nest Cleaning, who will make every effort to find someone who can accommodate your rescheduling requests. We ask that you please keep rescheduling to a minimum to ensure consistency and availability of employees.

Lastly, we ask that you please make an effort to clear away any personal items (i.e. toys, clutter, mail, etc.), and isolate any pets before each scheduled cleaning service. This will ensure our employee is able to clean as efficiently as possible within the designated time of each cleaning appointment.
